## U.S. Commerce Department-International Trade Administration Certified Trade Mission for Hawaii MBDA to Vietnam

### The MBDA-Vietnam Trade Delegation

The Hawaii MBDA Center hosts a certified trade mission to Vietnam, grounded in strategic considerations to strengthen diplomatic, economic, and cultural ties between United States MBDA clients and Vietnamese business owners and companies. This trade mission enables the United States to explore trade and investment opportunities, foster collaborations in various sectors, and engage with key government officials, business organizations, and institutions at a more practical and local level to expand consistent bilateral trade.

### Key Business Sectors

The MBDA delegation has identified key sectors in Vietnam where United States MBDA businesses can collaborate, expand, and create new opportunities for growth and economic development. Leveraging existing business connections and partnerships during this trade mission solidifies the foundation for joint ventures and collaboration.

- Energy/Oil & Gas, IT/Technology, Banking/Finance
- Agriculture, Aviation, Education, Innovation

### Building Connections to Global Markets

Leveraging the extensive governmental contacts of team members Chuck Lopez and Chris Rachal, enables strategic engagements with influential figures such as Trade Ministers and State Leaders. By carefully selecting delegation members to align with relevant sectors, we ensure focused and effective dialogues. Our contacts are eager to establish dependable, long-term public-private collaborations with U.S. entities, particularly in accessing capital markets.

**Register now! Space is limited.**
